Dear Bessie

Thanks for your fax of 12th Sept. We have proof of postage of our first change of address for service, to send you. However, we are still unsure as to whether or not anything else is required by yourself (as the printed information you sent does not refer to the particular circumstances of our case). Please let us know as soon as possible so we can provide you with the full complement of requirements for the petition.

Incidentally, despite providing the US Patent Office with our second change of address for service, we still have not received a copy of the communication that initiated the abandonment of our application. Would you be good enough to fax us a copy of it please so that we can provide the required response? Thank you.

Many thanks & best regards

Jobey Marlowe

NOTES/COMMENTS

Dear Christine

Thanks for your time on the phone yesterday. Enclosed, as requested, please find copies of correspondence that should already be with our file. Please kindly acknowledge receipt of this fax. Thank you.

Just to re-iterate, we notified the USPTO on 24th July 1998 (by fax & letter) that Mr Zhao had changed his address in San Jose. It appears that this change of address paperwork (as seems to be the case with subsequent correspondence) did not reach our file, and as a consequence, the official action you mentioned was never received by Mr Zhao or the Applicant (Harold Hall). As it was never received, we obviously failed to reply to it in the time stipulated - hence we guess, the application was deemed abandoned.

Please let us know what further procedures we need to do next to revive the application as soon as possible. Your time and patience is much appreciated Christine. Thanks again.

Best regards
